

# **MAC-HAYDN MUSICAL THEATER** **WORKSHOP**

The workshop staff is composed of child-centered professionals who take care to ensure that each student's potential is reached. Our resident directors, choreographers, costumers and vocal instructors work closely together to determine how best to tap your young actor's talents. The program also features guest instructors who work with the actors in special classes scheduled throughout the summer. Classes meet primarily in buildings on the Chatham Fairgrounds, with a few rehearsals held at The Mac-Haydn Theatre. The historic and park-like setting of the fairgrounds is the perfect atmosphere for working on a show. The experience is fun and totally professional.

The program serves young people ages 6-16. Participants are divided into three classes based on age and level of experience.

Tuition: \$450.00
